

THE TOP FLUORIDE VARNISH!

Patented Ergonomic Design and Smooth, Easy Peel

Award-Winning FluoroDose comes in a sleek, enclosed LolliTray™.

1

Smooth, easy peel.

2

Fulcrum, so brush pops up.

3

Finger grip, never slips.

4

Custom varnish well.

EASIER TO HOLD, EASIER TO USE

Our patented LolliTray package was designed with you in mind!

Four custom features, engineered to make every fluoride application easier, safer, faster and more comfortable.

HERE'S WHAT THE EXPERTS HAD TO SAY

TASTES BETTER

“Every child liked it!” and “Patients like the variety in flavors.”

Flavors are tasty and not medicinal. Xylitol sweetener provides added anti-bacterial properties with no bitter aftertaste.

FEELS BETTER

“Application is smoother than most varnishes.”

Patients appreciate the almost invisible texture. FluoroDose dries in seconds and adheres to the teeth for up to six hours for maximum uptake.

DRIES CLEAR, SMOOTH

“Applies smoothly without clumping and dries clear.”

Patients leave with natural-looking teeth; no yellowing or discoloration. It's less sticky and won't clog evacuation systems.

PERFECT SIZE

“Just the right amount for a single-patient treatment without waste.”

Single-patient, 0.3 mL dose eliminates cross-contamination and provides just the right amount for kids or adults.

BEST VALUE

“93% Clinical Rating. 92% Recommend It. 81% Switched to It.”

FluoroDose is the best value fluoride varnish available today.

AWARD-WINNING FORMULA

FluoroDose is the only fluoride varnish recognized as the **TOP** in its category for **six straight years** by the prestigious independent dental materials testing laboratory, **THE DENTAL ADVISOR**.

DENTAL ADVISOR TOP AWARD: FLUORIDE VARNISH
6 YEARS RUNNING

AVAILABLE IN 5 GREAT-TASTING FLAVORS!

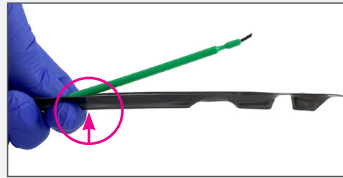

Bubble Gum, Caramel, Cherry, Melon and Mint

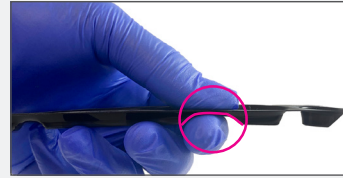

EXCLUSIVE, PATENTED LOLLITRAY IS EASIER TO USE AND ELIMINATES CROSS-CONTAMINATION

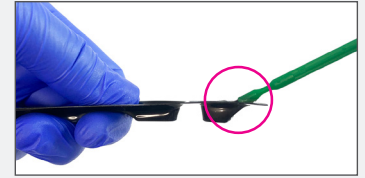

1. Smooth, easy peel.

2. Pop-up Benda® Brush fulcrum for easy access.

3. Secure, comfortable finger grip – no slipping.

4. Angled well removes excess material.

INGREDIENTS

5 percent sodium fluoride (NaF) or 22,600 ppm of fluoride.

ALLERGEN RISK INFORMATION

FluoroDose is lactose free, gluten free and nut free. The product is free of all dairy, egg, gluten, soy, peanut, tree nuts, tree nut derivatives, fish/shellfish and seed products. FluoroDose contains rosin, beeswax and red dye 40.

PREVENTION FOR LIFE® = CARIES FREE FOR LIFE!

THE CENTRIX PREVENTION FOR LIFE PROGRAM HELPS OFFICES FIGHT, TREAT AND PREVENT CARIES.

“Dental caries is the most prevalent disease condition of humankind, imposing a significant burden at all life stages from childhood to adulthood. The disease is chronic, transmissible and infectious!”

FORTUNATELY, CARIES IS PREVENTABLE

Ask Us about our easy-to-use downloadable **Risk Assessment tools** that show your patients, especially adults, why prevention is important. Our downloadable Patient **Self-Assessment form** opens a prevention dialogue between you and your patient.

HELP EVERY PATIENT, EVERY DAY

Prevention for Life helps offices increase acceptance of preventive treatment by patients of all ages, especially adults – where caries continues to increase – with tools and information designed for you.

EDUCATION

We offer CE Lunch & Learns and webinars and have tools that help you get your patients through life caries-free! Visit centrixdentallearning.com for details.
